

Ensuring DSST Content Meets Curriculum Requirements

Several DSST exams have been updated as part of our annual ACE review process. We participate in the ACE review process to ensure that DSST exam content is in line with current course curricula and provides value to students pursuing higher education. You can review our summary of the test development process, scoring methodologies and technical data sheets on our [credit awarding institutions page](#). Additionally, you can view credit recommendation status on the [ACE National Guide](#).

Thirteen exams have been updated to include new content including test questions and content outlines. Starting June 8, 2017 the Fundamentals of Cybersecurity exam will be \$80 (a \$10 savings). Please note **starting June 8, 2017 transcripts** and score reports for the following DSST exams will include the below updated credit recommendations:
